Testimonial

It was on rather short notice when we learned about the opportunity to place a Lufthansa TVC at the Volvo China Open 2008 in Beijing. Despite the limited time, Balfour Group has ensured that our spot received good exposure throughout the event and at the same time complied with our high quality standards. We particularly appreciate the friendly, professional and flexible service rendered to us, and we are looking forward to cooperating with Balfour Group again on future occasions.

Yours sincerely,

Lufthansa German Airlines
